Leading Maneuverability

With the only 107" BBC with a big bore engine in the industry, a set-back axle and a 50-degree wheel cut, it has the tightest turning radius in the business.

Advanced Aerodynamics

A sloped hood and windshield, plus an optimized side and roof aerodynamic package, help give you maximum fluid economy.

Efficient Power

With available horsepower ranging from 330-410, the MaxxForce 11 and MaxxForce 13 engines are ideally suited for a variety of applications and deliver a smooth, quiet ride.

Driver Appeal

Its ergonomically designed interior includes an optimal tilt and telescoping steering wheel and boasts a panoramic front windshield, for excellent visibility.

Distinctive Style

This truck's classic good looks were inspired by International® trucks of days gone by – along with suggestions and insights from hundreds of drivers and fleet managers.

Fully Capable Power

With up to 500 hp, 1,700 lb.-ft. torque, and peak torque at lower RPM, the MaxxForce 13 engine delivers smooth, effortless pulling power.

Fluid Economy

Leading-edge aerodynamic design and a lightweight MaxxForce 13 engine make this truck more fluid-efficient than traditional long-nose conventionals. It's also U.S. EPA SmartWay certified.

Driver Comfort

LoneStar boasts the quietest cab in its class. It also features an advanced ergonomic driver environment.

Proven Durability

The all-powerful, ultra-durable MaxxForce 15 is designed for heavy haul and punishing grades with up to 500 hp, 1,850 lb.-ft. torque.

Responsiveness and Braking

With peak power at 1600 RPM, its off-the-line responsiveness is best-in-class. And with a Jake brake in the sweet spot of 1400-1600 RPM, it has the best braking capability as well.

Uncompromised Design

To avoid any compromises that would sacrifice driver comfort or serviceability, its 125" BBC design was developed specifically for the MaxxForce 15 engine.

Best-in-Class Warranty

We're backing up our confidence in this engine by offering the best warranty in the business: a 3-year, 350,000 base warranty that is 33% longer than competition.

Fluid Economy Leader

In overall fluid consumption, this integrated truck and engine outperforms competitive trucks by up to 1-2.5%. It's also U.S. EPA SmartWay certified.

Proven Weight Advantage

This truck weighs up to 1,000 lbs. less than similarly spec'd competitive models, giving you more payload capacity.

Fully Capable Power

With up to 475 hp, 1,700 lb.-ft. torque, and peak torque at lower RPM, the MaxxForce 13 engine delivers smooth, effortless pulling power.

Driver Appeal

At 88.75" wide, its cab is one of the roomiest you'll find. And according to an independent third-party study of over-the-road drivers, it has the most ergonomic driver environment in its class.

Program is valid from October 17, 2011 through December 31, 2011. Financing powered by Navistar Capital, a GE Capital program ("GE Capital"). Stated payments based on a 48 month FMV lease with two advance payments due at dosing followed by 46 monthly payments at applicable payment amount. Excludes tax. Lessee must cover insurance. Other restrictions may apply. See participating dealer for details. Participation in any program is non-negotiable, not redeemable for cash, non-transferrable and cannot be combined with other offers or discounts. Terms and conditions subject to change at any time in sole and absolute discretion of GE Capital. Nothing herein is an approval or commitment to finance or provide any other service by GE Capital. Nothing contained herein shall be construed as any guarantee of revenue of any kind whatsoever by GE Capital to any person. Nothing herein contained constitutes tax, accounting, financial or legal advice by GE Capital to any person.
